**MKHUZE:** Friday 28 October 2016 to Monday 31 October 2016

The Johannesburg Region of the SANParks Honorary Rangers, in partnership with BirdLife South Africa, invite you to a three night birding weekend at two of South Africa’s premier birding destinations, Ndumo and Mkhuze Game Reserves in northern KwaZulu-Natal.

South African Birdfinder (Cohen, Spottiswoode and Rossouw, 2006) “This remote Maputaland reserve has achieved legendary status in southern African birding circles, boasting a bird list that is high in both quantity and quality”

Both reserves boast more than 490 species of birds, with specials such as Neergaard’s Sunbird, Rudd’s Apalis, Eastern Nicator, Pink-throated Twinspot, Rosy-throated Longclaw, Mangrove Kingfisher, Narina Trogon, Sooty Falcon, African Broadbill and, fingers crossed, Pel’s Fishing Owl.

You will be entertained on two morning walks and a game drive with local and invited birding experts and will spend quality birding time at the bird hides.

Accommodation is available in comfortable chalets, safari tents or shady camping sites. Meals will be on a self-catering basis in the communal boma or the camp’s dining room.
