

South African
NATIONAL PARKS
Honorary Rangers™

EARN YOUR WINGS.

Southern Africa is blessed with a great diversity of raptors. Close on 80 species occur in this region during the summer months. This large assortment of species, many of which are superficially similar and show distinct variation between age classes provides an exciting identification challenge for any bird enthusiast.

The SANParks Honorary Rangers Limpopo Region invite you to join leading Limpopo Province birding expert and ecologist Joe Grosel on an exciting three-day programme which introduces participants to a practical identification system whereby the entire region's raptor species can be recognized. Apart from the identification aspect, interesting subjects relating to the life histories and ecology of each species is also covered. The event will take place in the Letaba Rest Camp in the Kruger National Park which due to its locality offers some of the best raptor viewing on the continent. Activities for the weekend will include morning and afternoon bird and game spotting drives on open game viewing vehicles in the company of Joe Grosel and Park Rangers.

Date:

27 – 30 September 2018

Venue:

Letaba Camp,
Kruger National Park
