THE BEST SPOT IN THE COUNTRY.

FOUR-NIGHT BIRDING WEEKEND AT NDUMO GAME RESERVE.

The Johannesburg Region of the SANParks Honorary Rangers invites you to join them for a four-night birding weekend at one of South Africa's premier birding locations - the legendary Ndumo Game Reserve in northern KwaZulu-Natal. The reserve boasts no less than 490 species, including Neergard's Sunbird, Rudd's Apalis, Eastern Nicator, Pink-throated Twinspot, Rosy-throated Longclaw, Narina Trogon, Sooty Falcon and Pel's Fishing-Owl to name a few.

Enjoy guided walks through Ndumo's sand forest habitat, learn from the insights of a birding expert, explore the fig tree forest at Shokwe and view shorebirds from Nyamithi Pan's bird hides. Here's your chance to experience a truly special reserve and to spot those "lifers" you've been waiting for.
