Shop for the Birds - In store now!

Guide to Seabirds of Southern Africa, Peter Ryan

Seabirds hold a special place in the hearts of birders, not least because of the challenge of getting to grips with a group of birds that is largely inaccessible, and living in an often hostile habitat. *Guide to Seabirds of Southern Africa* is the first book focusing exclusively on the birds that occur around the Southern African coastline and adjacent Southern Ocean.

Marine Mammals: A guide to the whales, dolphins and seals of Southern Africa and the Southern Ocean, Chris and Mathilde Stuart

This is an easy-to-use identification guide to the whales, dolphins and seals found in Southern African waters and the Southern Ocean. It is compact yet comprehensive. Close to 50 species occur in the region: from the demonstrative Humpback Whale and Dusky Dolphin to the striking Leopard Seal and massive Blue Whale.
