

BIRDLIFE SOUTH AFRICA RECOMMENDED

COURSE PROVIDERS

MARK D. ANDERSON

BirdLife South Africa is looked up to by the public as the authority on birds and birding in South Africa. Birders regularly consult the BirdLife South Africa website to access our wealth of resources and information. BirdLife South Africa has a network of 'Recommended Course Providers' who supply accurate, engaging, and high-quality educational courses on birds and birding. Their courses are listed as being recommended for birders to learn more about their chosen topics. Course providers can also use the BirdLife South Africa logo on their materials. Becoming a BirdLife South Africa Recommended Course Provider is done an online application. A subscription fee is due annually once the application has been accepted, and entitles you to membership with BirdLife South Africa, a subscription to our *African Birdlife* magazine, and a host of other impressive benefits as laid out below.
